Troubleshooting and Testing

ELECTRIC: UPDATES FOR 2020-2021 AND MSA OFFER

2020 National Electrical Code Now in effect within Mesa County

With the release of the 2020 NEC, comes new changes on the way we do our job in the field which will affect the bottom line of a project. Mostly, these changes are made due to safety concerns, new technology, reclarification from a previous year's new rule, and more.

One of these new code changes is that GFI protection for "all outdoor outlets for dwellings that are supplied by single-phase branch circuits rated 150 volts to ground or less, 50 amperes or less, shall have ground-fault circuit-interrupter protection for personnel."

What this means is that along with the receptacles that had to be GFI protected before now, any equipment like an AC unit, Swamp cooler, heat pumps, or irrigation systems need to be GFI protected, as well. These changes do improve overall safety at the end of day which is the main goal, but they will also increase the cost of your overall project.

Give us a call for more specifics and we will be happy to setup a site survey to discuss your electrical needs.

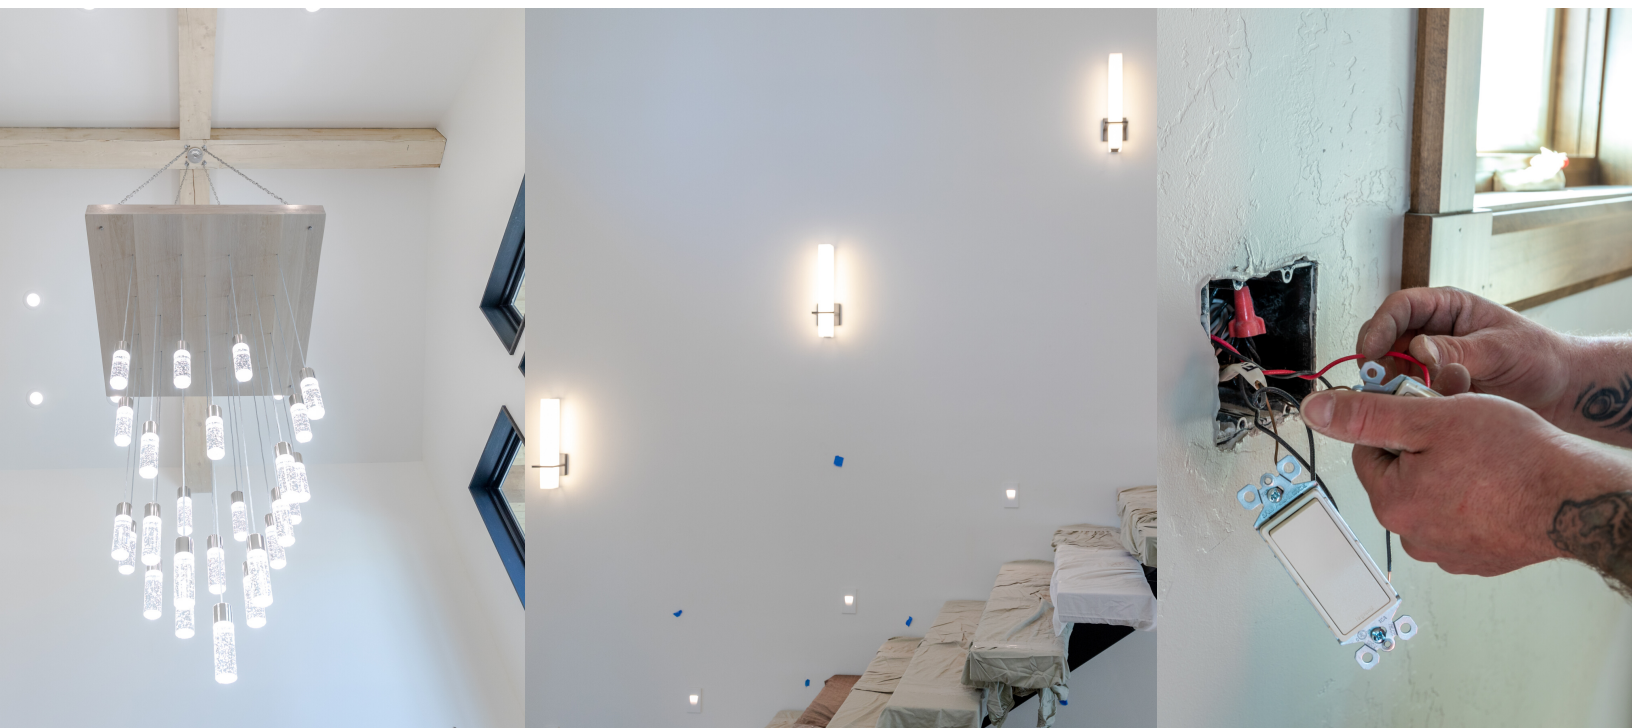

Discount for MSA Clients

As a thank you for your business, any employee who needs electrical work will receive a discount through ITS Electric. Call to schedule your service call today.

Be sure to mention this ad from our newsletter.

EMPLOYEE SPOTLIGHT

Our Electrical Team: Felipe Vigil, Dave Raff, Tanner Cunningham and Jared Oaks

Felipe, our Master Electrician, started with ITS first and spearheaded the creation of ITS Electric. This year will mark Felipe's 10 Year Anniversary with our company!

Dave, our Lead Electrician and Scheduler, was brought on with us 8 years ago. He enjoys working on his trucks and growing his beard.

Tanner, our Residential Wireman, has been with ITS Electric for 4 years. You might see him out on trails this summer in his side by side.

"Oaks" as we call him, is our Journeyman Electrician. He is the newest to our team, joining us almost two years ago. With over 10 years experience, he has been a valuable addition to our company.
